Dear Mr. Preddy:

On August 30, 1995, we received the soil sampling results for an underground storage tank at the subject location. As the implementing agency for the Federal Underground Storage Tank Program for the State of North Carolina, we have determined from review of your assessment that the UST release incident has been closed in accordance with NCAC Title 15A Subchapter 2N Sections .0802 and .0803 and 40 CFR 280.71 and 280.72. However, this does not absolve you of any responsibility for contamination that may not have been detected or noted during the site assessment.

If you have any questions, please feel free to contact Kelly C. Gage at (910) 373-3771.

Sincerely,

W. Waddell Watters
